

(DRAFT - POTENTIAL FRONT PAGE 1978-1979 CALENDAR)

1978-79 CAPILANO'S TENTH ANNIVERSARY

With the fall term 1978, Capilano begins its tenth year of operation as a community college. It is our intention to make this year a rather special one to celebrate this milestone and we invite all members of our community to join us in events throughout the year.

We believe that we have much to celebrate and many people to honour. Ten years ago, and more, many North Shore and Howe Sound residents put a great deal of time and energy into the preparatory work necessary to establish a brand new college. Everyone who has studied at Capilano owes them gratitude and recognition. Over the years, we have been able to assemble a fine group of teachers, a most capable support staff, and a visionary set of administrators. Virtually every year we have grown out of the facilities available to us as we have tried to extend our services to as many people as possible within our community. Year by year we have received greater support and understanding from our School Districts and from the Ministry of Education.

Of course, ten years is a very short time in the life of an institution. We realize that we have only begun our mission. We appreciate that many people are still unsure of what a community college is, how it differs from other kinds of institutions, and what its potential for educational service is. We hope that our special events of 1978-79 will help to dispel much of the mystery. We hope we might tell you our story.

We do not, however, wish to look back as much as ahead to the next ten years and beyond. Our tenth anniversary affords us the opportunity to assure our community that we will continue to develop as a first-class post-secondary educational institution offering a broad range of quality programs for a very diverse student population. We will continue to strive for excellence in everything we do so that all Capilano students will reach out for their own levels of scholastic excellence.

I hope you will join us, as a student or as an interested community member, in 1978-79. Watch for the headline "Cap-10" - the symbol for all special events to mark the beginning of our second decade.

Dr. L. Srivastava,  
Chairman,  
Capilano College Council.

1978-79 - Capilano's Tenth Anniversary

With the fall term 1978, Capilano begins its tenth year of operation as a community college. It is our intention to make this year a rather special one to celebrate this milestone and we invite all members of our community to join us in events throughout the year.

We believe that we have much to celebrate and many people to honour. Ten years ago and more, ~~a great number~~ <sup>many</sup> of North Shore and Howe Sound residents put a great deal of time and energy into the preparatory work necessary to establish a brand new college. Everyone who has studied at Capilano owes them gratitude and recognition. Over the years, we have been able to assemble a fine ~~staff~~ <sup>group</sup> of teachers, a most capable <sup>support</sup> staff, and a visionary set of administrators. Virtually every year we have grown out of the facilities available to us as we have tried to extend our services to as many people as possible within our community. Year by year we have received greater support, <sup>and understanding</sup> from our School districts and from the Ministry of Education.

Of course, ten years is a very short time in the life of an institution. We realize that we have only begun our mission. We appreciate that many people are still unsure of what a community college is, how it differs from other kinds of institutions, and what its potential for educational service is. We hope that our special weeks of 1978-79 will help to dispel ~~some~~ much of the mystery. We hope we might tell you our story.

We do not, however, wish to look back as much as ~~look~~ ahead to the next ten years and beyond. Our tenth anniversary affords us the opportunity to ~~perhaps~~ assure our community that we will continue to develop as a first-class post-secondary educational institution offering a broad range of quality programs for a very ~~diverse~~ <sup>student</sup> population. We will continue to strive for excellence in every thing we do so that ~~every~~ <sup>all</sup> Lapilano students will reach out for their own levels of scholastic excellence.

I hope you will join us, as a student or as an interested community member,

in 1978-79. Watch for the headline "Cap-10" - The symbol <sup>for all</sup> ~~of~~ special  
events to mark the beginning of our second decade.

Sriv  
Chairman
